

JANMAJAYA GANTAYAT

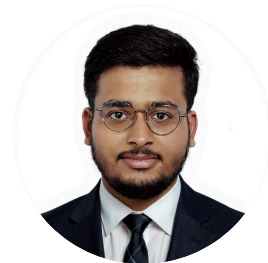

Java Full Stack Developer

 gantayatjanmajaya@gmail.com

 +91-8105953851

 Bengaluru, Karnataka

 @janmajaya

PROFILE

Experienced **Java Developer** with hands-on expertise in designing and developing **robust Spring Boot-based applications** that handle **complex, real-world business use cases**. Proficient in building **scalable, high-performance backend systems** using **Java, Spring Boot**, and **Microservices**, ensuring **clean architecture** and **optimized API performance**. Experience developing web applications using **Angular Framework**. Currently **upskilling** and exploring a transition into **DevOps**, gaining practical knowledge in **Python, Data Structures & Algorithms (DSA)**, and **Linux shell scripting** to strengthen **automation, deployment, and cloud integration** capabilities.

SKILLS

Technologies

Java | Spring Boot | Apache Kafka | Microservices | Hibernate | REST API | AWS | MySQL | RabbitMQ | Apache Camel | HCP API Management | API Documentation

Dev Frameworks

Spring-Boot | Spring Frameworks | Maven | JPA | API Security (JWT, OAuth2) | Hibernate | MySQL | Angular 15+

Cloud

AWS (EC2, S3, Lambda)

IDE

IntelliJ IDEA | VS Code | Eclipse | STS | Postman | FreeLens | SQL Developer

Programming Language

Java (J2EE) | Java 8 | HTML5 | CSS3 | JavaScript | Basic Python

AI Tools

GitHub Copilot | Amazon Q | Prompt Engineering | AI Agent Mode

DevOps Tools

Git | GitActions | JFrog | SonarQube | Splunk | Jenkins | OpenAPI

Project Management

Agile Project Management | Strong Communication | Client Management | Process Documentation | Scrum | Risk Management | Problem-Solving | Communication

EXPERIENCE

Associate Developer, Cognizant

07/2022 – Present | Bangalore

- Collaborated with multidisciplinary teams to design, develop, and implement healthcare solutions, including **billing, claims processing, and overpayment recovery** systems using **Java, custom Spring Boot starters, and microservices**. Additionally, **developed interactive UI dashboards** using **Angular19+** for **data visualisation** and **enhanced user experience**, ensuring **compliance, API optimisation, and seamless integration** across **complex healthcare workflows**.
- Prioritised addressing **client-specific needs** and building applications that align with the **client's goals and key project requirements**.
- Improved **code coverage to 90% across 30+ microservices** by designing, executing, and validating **JUnit5 and Mockito test suites**. Addressed **250+ security vulnerabilities** through careful debugging and refactoring while responsibly leveraging **AI-assisted insights for static code analysis and dependency scanning** using **SonarQube and JFrog** compliance frameworks.
- Developed and optimised **SQL scripts** to query, transform, and **manage large datasets, improving data accuracy by 30%** and strengthening **BI reporting reliability**; automated dependency upgrades with **Dependabot** to ensure secure, consistent **microservices deployments**.
- Designed, developed, and deployed **10+ mission-critical microservices** for user data management, implementing **JWT-based authentication**, payload encryption, and API hardening to **reduce vulnerabilities by 70%**, enhancing session management for **scalable, resilient architectures**.
- Enhanced client-specific **10+ legacy applications** by analysing **performance issues, resolving security vulnerabilities, improving garbage management, and eliminating memory leaks** to support reliability, uptime, and compliance.
- Participated in **Agile ceremonies (PI planning, daily scrums, retrospectives, risk assessments, and backlog prioritisation)**, driving process improvements and accelerating delivery while **maintaining code quality benchmarks**.

EDUCATION

Institute of Technical Education and Research, SOA University,

2018 – 2022 | Bhubaneswar, Odisha

Bachelor of Technology

- Branch: Electrical Engineering
- CGPA: 8.96

CERTIFICATES

• AWS Certified AI Practitioner 

• AWS Certified Cloud Practitioner

• GitHub Copilot Certified

• Google and Coursera certified Introduction to Git and GitHub

INTERESTS

Web Development
